1. Purpose

The FMM Player Review Standard ensures that every player review follows the same structure, evaluation criteria, writing style, and scoring methodology. Whether the review is created by a human or an AI assistant, readers should immediately recognize it as an FMM review.

The goal is to provide balanced, trustworthy, and practical insights that help players make informed decisions.

---

2. Review Philosophy

Every review must be:

- Honest
- Objective
- Gameplay-focused
- Practical
- Easy to understand
- Based on real in-game performance
- Consistent with the FMM brand

Avoid judging a player solely by their Overall Rating (OVR). Gameplay performance always takes priority.

---

3. Review Workflow

Every player review should follow this sequence:

1. Gather player information.
2. Analyze key attributes and traits.
3. Test gameplay performance (or use verified gameplay sources).
4. Compare with similar players.
5. Identify strengths and weaknesses.
6. Evaluate value for coins.
7. Assign ratings.
8. Write the final verdict.
9. Proofread and verify accuracy.
10. Publish with the standard FMM format.

---

4. Standard Review Structure

Every review must follow this order.

1. Player Overview

Include:

- Player Name
- OVR
- Position
- Club
- Nation
- League
- Weak Foot
- Skill Moves
- Work Rates
- Height
- Preferred Foot

Example:

109 OVR Ronaldinho – LW

- Nation: Brazil
- Club: FC Barcelona
- Weak Foot: ★★★★☆
- Skill Moves: ★★★★★
- Height: 181 cm

---

2. Quick Summary

Provide a concise overview (2–4 sentences) highlighting the player's overall performance, ideal playstyle, and key strengths.

---

3. Strengths

Focus on the player's standout qualities.

Examples:

- Exceptional dribbling
- Elite pace
- Smooth ball control
- Excellent finishing
- Strong positioning

- Accurate passing
- Powerful long shots
- Reliable defensive awareness
- High stamina
- Strong physical presence

Explain how these strengths impact gameplay rather than listing attributes alone.

---

4. Weaknesses

Discuss limitations honestly.

Examples:

- Weak aerial ability
- Limited stamina
- Average acceleration
- Low aggression
- Inconsistent long passing
- Weak physicality
- Poor defensive contribution

Keep criticism constructive and balanced.

---

5. Gameplay Experience

Describe how the player performs in actual matches.

Include:

- Ball control
- First touch
- Passing
- Shooting
- Defensive actions (if applicable)
- Movement
- Positioning
- Responsiveness
- AI behavior
- Skill move execution

This should be the longest and most detailed section of the review.

---

6. Best Position

State where the player performs best.

Example:

Primary Position:
LW

Alternative Positions:

- LM
- CAM

Mention whether the player remains effective out of position.

---

7. Recommended Formations

Recommend formations where the player excels.

Example:

Excellent:

- 4-3-3 Attack
- 4-2-3-1
- 4-3-3 Holding

Good:

- 4-4-2
- 3-4-3

Avoid:

- Defensive formations that restrict attacking players.

---

8. Ideal Playstyle

Recommend the type of player who would benefit most.

Examples:

- Counter Attack
- Possession
- Wing Play
- Skill Move Enthusiasts
- Crossing
- Fast Build-Up
- High Press

---

9. Comparison

Briefly compare the player with two or three alternatives.

Example:

- Better dribbling than Player A.
- Stronger finishing than Player B.
- More versatile than Player C.

Keep comparisons factual and relevant.

---

10. Value for Coins

Assess whether the player is worth the current market price.

Use one of these ratings:

- Excellent Value
- Great Value
- Fair Value
- Slightly Overpriced
- Overpriced

Explain the reasoning in one or two sentences.

---

11. Pros & Cons

Pros

- Elite dribbling
- Excellent pace
- Smooth animations
- Reliable finishing

Cons

- Weak in aerial duels
- Can feel lightweight
- Limited defensive contribution

Use concise bullet points.

---

12. Ratings

Score each category out of 10.

Category	Rating
Pace	/10
Shooting	/10
Passing	/10
Dribbling	/10
Defending	/10
Physical	/10
Positioning	/10
Skill Moves	/10
Value	/10
Overall Gameplay	/10

Use half-point increments when appropriate (e.g., 8.5/10).

---

13. Final Verdict

Summarize the review in a short paragraph.

Answer:

- Is the player worth buying?
- Who should buy this player?
- Who should avoid this player?

Finish with a clear recommendation.

---

5. Official Rating Scale

---

8. Review Length Guidelines

Facebook

250–500 words

Instagram Carousel

50–100 words per slide

YouTube Description

300–700 words

Website

800–1500 words

Shorts/Reels Caption

50–120 words

Adapt the level of detail to the platform while preserving the same review structure.

---

9. Review Score Calculation

Suggested weighting:

Category	Weight
Gameplay Performance	35%
Attributes	20%
Position Suitability	15%
Versatility	10%
Value for Coins	10%
Weak Foot & Skill Moves	5%

Traits & AI Behavior	5%

This weighting emphasizes real gameplay over raw statistics.

---

10. AI Instructions

When generating an FMM player review using AI:

- Follow the official review structure in the exact order.
- Prioritize gameplay performance over OVR.
- Explain strengths and weaknesses with practical examples.
- Compare the player with relevant alternatives.
- Use the official FMM rating scale.
- End with a clear buying recommendation.
- Maintain a professional, informative, and community-focused tone.
- Do not invent statistics or gameplay experiences; clearly distinguish opinions from verified facts when necessary.
